

**Station Name:**

- 1.GOA time series
- 2.SOLAS time-series (Bay of Bengal coastal time series)
- 3.VEBGES (Godavari Estuarine time series)
- 4.BOBFLUX (Bay of Bengal open ocean time series)

**Type of Station (moored / ship-based) and Location (geographic region / latitude and longitude coordinates):**

1. Ship based, Arabian Sea, 15N, 75E
2. Ship based, Bay of Bengal, 17.7N, 83.3E
3. Ship based, Estuary (Bay of Bengal), 16.75N,82.25E
4. Ship based and mooring, Bay of Bengal, 18N, 89E

**Carbon and biogeochemistry measurements at the station (indicate the frequency of observations, the year measurements began, and if they are surface / full water column, etc.):**

1. Monthly, full water column, 2002 onwards
2. Monthly, full water column, 2007 onwards
3. Daily, full water column, 2007 onwards
4. Seasonal to Bimonthly, full water column... weekly surface sampling by RAS – 2009 onwards.

**Principle Investigators / Contact Points:**

1. SWA Naqvi
- 2-4. VVSS Sarma

**Affiliation of this station with national, regional, or global research programs and process studies:**

All these are national programs
