

International Training Workshop for Nutrient Analysis

Sponsored by POGO and SCOR

Organised by NIOZ and PML for SCOR Working Group #147
(COMPONUT): towards comparability of global oceanic nutrient data.

5th – 9th November 2017

Royal Netherlands Institute for Sea Research, Texel, The Netherlands

Application Deadline: 1st August 2017

Who can apply:

Applications are welcomed for up to 10 scientists or technicians from developing countries to attend this training course (for eligibility, see http://www.scor-int.org/Eligible_Countries-4Apr2017.pdf). Applicants should have some prior experience of carrying out nutrient analysis.

Aim of the Course:

This training course will provide a combination of lab work and lectures, guided by experienced nutrient chemists. This will provide invaluable experience and knowledge in all aspects of nutrient analysis, including basic analytical information, sample handling, pipetting, reagent make-up, calibrations, GO-SHIP protocols, the use of CRM's etc.

What is covered:

Air fare from home country to The Netherlands, internal travel between Amsterdam airport and hotel on day of arrival, and between hotel and NIOZ daily. Bed, breakfast and evening meals.

What is not covered:

Domestic travel in home country, visa costs, insurance, salary.

Trainers / Lecturers:

Jan van Ooijen (NIOZ)
Karel Bakker (NIOZ)
Sharyn Ossebaar (NIOZ)
Malcolm Woodward (PML)
Susan Becker (Scripps)
Claire Mahaffey (Liverpool University)
Michio Aoyama (JAMSTEC)

What is needed to apply?

- Application form
- Letter of recommendation from supervisor
- CV
